

PASTOR PARTNER Info.

We at _____ have examined the information presented to us and have found it scripturally based.

- We understand that the Lord asks us to commit to His original instructions that He gave in Mt. 28:18-20.
- We understand that as part of the Five Fold Ministry described in Ephesians chapter four that our assignment and responsibility is to develop the body of Christ into the image of Jesus Christ.
- We are told in 1 Peter 3:15 to be ready to give the reason for the hope that is in you. This means that we should be able and prepared to share the Gospel with another person and follow through with leading that person to Christ according to Romans 10:8-10.
- As a church, we commit our self to establish a New Believers Program and follow through with a Discipleship Program. Believers then will be enabled to find their gifting within the body of Christ.
- We accept the Seed Package from Acts 20/20 Ministries. It is designed for our size church and there are no other requirements of this church other than to be obedient to the Lord and to follow His instructions according to scripture.

We understand that additional materials will be available at a group rate price as we grow.

We make this, six months commitment together on (date) _____, in Jesus Name.
